Fashoda Will Be Unconditionally Surrendered.

Peaceful Settlement-England, However, In Still Rushing

LONDON, Nov. 2.-Mr. William Hayes Fisher, one of the junior lords of the treasury and member of parliament for Fulham, as well as a ministerial whip, speaking in London last evening, said he had seen dispatches which enabled him to assert that the French government had decided to recall the Marchand mission from Fashoda.

The Paris correspondent of The Daily

"France will retire from Fashods unconditionally and without asking compensation.

"Baron de Courcel, whose term as French embassador in London expired long ago, but who has held on to conduct negotiations affecting Egypt, will now be recalled, and no haste will be shown to appoint his successor, with a view of marking French resentment at British action, for England has almost taken the place of Germany as the object of French hatred."

The Paris correspondent of The Times

"Baron de Courcel gathered from a conversation held after the last British cabinet council that Lord Salisbury's attitude had undergone a change, the British premier insisting that it was impossible to disregard public opinion in England and that nothing could be done until Fashoda was evacuated.

"So far as French public opinion is concerned, there is not the slightest idea of going to war for Fashoda, and any government doing so would be regarded as a government of imbeciles."

The Daily Graphic says this morning: 'We learn from an official source in Paris that Captain Baratier bears instructions to Major Marchand to return to Fashoda and then to withdraw his expedition in the direction of the upper Ubanghi river, north of the Kongo, evacuating Fashoda and the five posts established by him east of the here. frontier indicated in the Anglo-German agreement.

"The Egyptian government will be invited to send troops to accompany Major Marchand as he retires from the Bahr-el-Ghazel territory and to occupy the posts as they are evacuated by the French officers, thus solving the difficulty concerning Major Marchand's revictualment.

'When Major Marchand's retirement is fully accomplished, negotiations based on proposals submitted by Baron de Courcel to Great Britain will be opened. France is disposed to recognize frankly that the reconquest of Omdur-man completely changes the situation as it existed when Major Marchand was instructed to proceed to the Nile. The French government will even state that , had Major Marchand been aware of the khedivial advance he would not have pushed his mission so far east.

"These intentions have not yet been officially imparted to Great Britain, but they probably will be before Major Marchand's evacuation commences."

Without going so far as The Daily Graphic all the special dispatches from Paris to the morning papers indicate that the solution predicted by The Daily Graphic will be the one finally reached and that, even should France sulk diplomatically, no further serious consequences are anticipated. It is not believed, however, that France will pursue the useless course of leaving her embassy in London vacant.

The acquiescence of the French people in the revision of the Dreyfus case justifies the French cabinet in a conciliatory policy. Only as a means of withdrawing attention from internal troubles could the French government. Fashoda, and since there is no sign of disorders in Paris the whole situation has changed.

FRANCE'S NEW CABINET.

President Faure Signs Decree-Not to Oppose Revision. PARIS, Nov. 2.-President Faure last

evening signed the decree constituting the cabinet formed by M. Dupuy. M. Dupuy had a long conference with his colleagues yesterday afternoon and

discussed all pending domestic and foreign questions. The ministers reached a complete accord regarding the past attitude of M. Delcasse, the foreign minister, toward the Fashoda question and as to the policy he proposed for the future. They approved also the taxation reform proposal of M. Peytral, minister of finance.

It was agreed that the ministerial statement of policy on the reassembling of parliament should declare that the present constitution of the cabinet was meant to mark a further stage in the complete union of the whole Republican party and should promise the introduction of progressive measures, as, for instance, old age pensions and similar

As regards the Dreyfus question, the cabinet bows to the decision of the court of cassation and will aid the work of justice.

Rush Work at Victoria. VICTORIA, B. C., Nov. 2.-The Im-

percuse, the flagship of the British north Pacific squadron, is expected to sail tonight, following the Amphion southward. A rush order for 40 tons of provisions was placed with one of the leading merchants yesterday. The Impereuse will sail under sealed orders, not to be opened until the vessel is out of sight of land. The Amphion took on board one of the fastest torpedo boats on the station, and the Leander, now in drydock, has also taken one on board. This is the first time this has been done in three years. When the Leander comes out of drydock, it is believed she will also go south. The torpedo boat destroyer Sparrowhawk, now a long time out of commission, will be recommissioned at once. The torpedo boat destroyer Virago is provisioned and coaled, and it is thought will accompany the flagship. The sloop of war Icarus is expected to arrive in a day or two. The Pheasant will remain

A Vancouver dispatch says:

"The Canadian Pacific Steamship company has been notified that its steamships Empress of India, Empress of China and Empress of Japan, as naval reserve boats, must be in readiness to prepare for immediate war service. A cable dispatch has been sent to Hongkong that the guns and munitions of war stored there must be got in readiness at once to convert these steamships into cruisers the moment the ships reach there. The ship at this end will be converted at Esquimalt. These steamships were constructed under direction of the British government and can be converted into cruisers in 24

At the Halloween meeting of the St. Andrew's and Caledonian societies the following dispatch was sent to Lord Salisbury:

"Scotchmen of Vancouver, B. C., recognizing the gravity of the situation, offer to raise a regiment of 1,000 strong and place it at the disposal of Great Britain at home or abroad."

Preparations to equip the fleet for sea continued at Esquimalt. Iter majesty's steamship Leander is being overhauled in dock preparatory to going south. The torpedo destroyer Sparrow Hawk is coaling for sea, and the Imperieuse is sailing under sealed orders. The Virago will go into commission. Ferty tens of crinned goods have been ordered for the

Activity at Hallfax.

HALIFAX, N. S., Nov. 2-Not since the Trent affair has such activity been displayed in military and naval circles here. After the order had been received to have the battleship Renown put in thorough repair another order was received, the purport of which was not known until this morning, when eight large double teams and about 200 men, including sailors and marines, were put to work transferring powder, ammunition and small arms of every description from the magazines at the dockyard to the distributing shed and thence to the several warships in port. The work continued all day yesterday. Guards accompanied every load to the sheds, and no civilians were admitted to the yards.

Russia Declines to Support France. LONDON, Nov. 2.—The Berlin correspondent of The Standard says: "Russia has declined to support France in the Fashoda affair, fearing that a reopening of the Egyptian question would interfere with her tremendous task in

THE SPANISH POSITION.

Bluffing to Be Resumed, but Resumption of Hostilities Improbable.

LONDON, Nov. 2.-The Paris correspondent of The Daily Telegraph says: "The disagreement between the American and Spanish peace commissioners, which under ordinary circumstances caused alarm throughout Europe, is hardly noticed owing to the Fashoda affair.

"The Spaniards are in a position to know and assert that their government will resist the American demands and will offer the Philippines for a lump sum. If this proposal is not accepted, Spain will recall her commissioners and let the Yankees do what they choose.

"I am assured, however, that a rupture on Friday is improbable. Spain will endeavor by arguments and appeals to gain whatever concessions are possible, but she will not risk a renewal of hostilities."

Spain's Demands Unheard Of. LONDON, Nov. 2 .- The Daily Chron-

icle says editorially this morning: "A war in which the justly vanquished nation receives a solatium of \$30,000,000 would be a novelty so great that it must be seen to be believed. In any case it would be madness for Spain to attempt to resume hostilities."

Spain Advised to Yield. LONDON, Nov. 2.-The Paris corre-

spondent of The Times notices with pleasure the fact that important French newspapers advise Spain not to count upon European intervention and that it is expedient for her to yield, so as not to be exposed to the terrible consequences of a bombardment of the Spanish coasts.

Note From Spanish Commission.

HAVANA, Nov. 2.-Yesterday afternoon Senor Girauta, secretary of the Spanish evacuation commission, delivered to the American commissioners two notes, one authorizing Dr. Laine to inspect the sanitary condition of the Spanish military hospital in Havana with a view to a report and the other announcing the sailing from Gibara province of Santiago, on Oct. 29 of the transports San Ygnacio and Notre Dame du Salut, each carrying 1,000 troops, with officers, all belonging to the Holguin division. Emperor Reads the Constitution of the Church-Cardinal Kopp's Congratulations on Acquisiton of the Abode of the Holy Virgin.

JERUSALEM, Nov. 2.-The consecra-

tion ceremony at the Church of the Re-

deemer yesterday was attended with the greatest pomp. Early in the morning huge crowds began to collect to witness the imperial cortege. The route was lined with Turkish troops and German sailors. Emperor William and the empress

drove to the tower of Babel, from which point they walked to the church, the emperor in the white uniform of the German guards and the empress in a gray costume, both wearing numerous decorations.

As their majesties entered the church the organ pealed forth a triumphal march, amid whose strains they pass-

ed to the altar, preceded by the officiating clergy bearing the sacramental insignia.

The church was filled with uniformed officials. The emperor at the close of the cere-

mony of consecrating the Church of the Redeemer read an address, during which he said:

"From Jerusalem came the light in splendor from which the German nation became great and glorious, and come they became under the banner of the cross, the emblem of self sacrific-

ing charity. 'As nearly 2,000 years ago, so today shall I ring out the cry, voicing my ar-dent hope to all, 'Peace on earth!' "

His majesty then renewed the vow of his ancestors, saying: "I and my house will serve the Lord."

The emperor then called upon all present to make the same vow, concluding with a prayer that "God grant that confidence in the Almighty, brotherly love, resignation in suffering and efficient work may remain the German nation's noblest ornament, and that the spirit of peace may more and more permeate and hallow the evangelical church."

Cardinal Kopp, prince bishop of Breslau, whom the emperor had informed of his acquisition of the abode of the Virgin, replied, saying:

"Your majesty has added a new link to the chain of recurrent proofs of your just disposition and sovereign solicitude for your Catholic subjects, and at the same time you have instituted a lasting inheritance which has given joy to the whole of Catholic Christianity and will always be held and cherished by German Catholics in grateful remembrance of an emperor's magnanimity."

A Rallroad Sold.

JAMESTOWN, N. Y., Nov. 2 .- Sherman Evarts, as referee in foreclosure proceedings, yesterday afternoon sold to Bertram & Storrs of 44 Wall street, New York city, the Jamestown and Lake Erie railroad for \$200,000. The road extends from Jamestown to Chautauqua by way of Falconer and Mayville and is about 30 miles in length. It is entirely within the borders of Chautauqua county.

ONE MAN SHOOTS ELEVEN. Wisconsin Workman's Revenge

Upon Practical Jokers. BEAVER DAM, Wis., Nov. 2.-Adam Cammer, an employee of the J. S. Rowell Manufacturing company, went gunning yesterday for human game, and as a result 11 men bear wounds **from** his aim, and he is in jail with a ballet in his shoulder.

.Hammer is a young married man and has been employed in the Rowell shops for several years. He had long been the butt for practical jokes, and upon resenting one yesterday he got into a aght with and was worsted by Wilbur Bennett. He became very angry and went to the office and demanded his pay, which he failed to get. His wrath increased, and he went out and rented a shotgun, saying he was going duck

Hammer went straight back to the mops and began shooting at every one in sight. His first victim was Theodore B. Rowell, one of the firm, son of J. S. Rowell, who received a charge of shot in the forehead and face, making, however, only slight wounds. Soon all was excitement.

Shot after shot was heard, and others began to feel the effects of the lead. Guns began to appear in the hands of ethers, and the city marshal also appeared, but Hammer evaded capture for over an hour. As fast as some one would appear in sight he would drop en his knee, take deliberate aim and

Finally the situation became desperate, and it was decided that he must be shot or taken into custody without farther delay. Lieutenant Arthur Tibbitts, who has recently returned from Porto Rico and who is an expert marksman, was selected to bring him down.

A 32 caliber rifle was placed in the Meutenant's hands, and Marshal Powderly ordered him to shoot, but not fatally if he could avoid it. The bullet bodged in Hammer's right shoulder, and he was seen to fall. He rolled away from his gun, after which he was speedily taken charge of by the mar-

CINCINNATI TO HAVANA.

Fifty-four Hour Service to the Cuban Capital.

CINCINNATI, Nov. 2.-Cincinnati is to be the northern terminus of a new fast system of passenger transportation between the north and Cuba. It is about settled that an agreement will go into effect on Dec. 1 by which tourists or travelers generally desiring to visit Cuba can make the journey from here to Havana in 54 hours. This agreement is between the Cincinnati, New Orleans and Texas Pacific road (the Queen and Crescent) and the Florida East Coast company.

The run from Cincinnati to Jacksonville will be made in 24 hours. At Jacksonville quick connection will be made with the Florida East Coast line for Miami, where the company's steamer will be taken for Havana, no stops being made at Key West. It is understood that the Florida East Coast line also will establish steamship service between Miami and Santiago.

Investigation of Indian Troubles.

WASHINGTON, Nov. 2. - Commissioner of Indian Affairs Jones said today that he was glad an inquiry into the statements regarding the deputy marshals in the Chippeway region had been set on foot, that he would welcome an investigation of what might have been said of him and that if it should be found that what he had stated his information should prove after all to be wrong he would be only too glad to find it so. He said he was receiving numerous communications on the subject, but he did not care to enter into a discussion at this time.

Spain Ordered to Evacuate Cuba by Jan. 1.

CANNOT PERMIT FURTHER DELAY.

Be More Like Capitulation Than Evacuation - To Accept Under Protest.

NEW YORK, Nov. 2.—The Herald

this morning prints the following dispatch from its Havana correspondent: "Regarding my forecast of yesterday as to date of the cessation of Spanish sovereignty in the island being definit .ly fixed as Jan. 1 and that on that day the American flag will be hoisted on the palace of the captain general and American administration take charge members of the American commission still decline to say that such is the case, but my authority for the forecast makes the fact undeniable. General Clous said to me this after-

"I can say that a note passed to lay in reference to the date of evacuation, but I am not at liberty to state its contents. I can neither deny nor affirm that it was a demand of the American commissioners that the date be settled as Jan. 1.'

"The note referred to was, as stated in the dispatch of yesterday, a formal request, in the nature of an ultimatum, that the day of final evacuation be named as Jan. 1. It was courteous in tone, referring to the nature of the difficulties in the way of the Spanish administration, but stating that the American government could allow no further delay, that the latest date that would be agreed to would be Jan. I and asking that the date be settled immediately, so that no further delay would result.

"The Spanish commission received the note late in the afternoon, and no reply has yet been made. It is said the members of the Spanish commission state that in view of this decisive notification they can only accede, but will only do so under protest, as it is utterly impossible to have their troops out of the island then and that to hoist the American flag with Spanish soldiers still in the territory will be more in the nature of a capitulation than a treaty of evacuation.

The Spanish authorities are nevertheless preparing to close all matters of the adm asstration of the island. A decree has been issued by the minister of finance stating that Oct. 31 was the last day for the inauguration of new business and that all current affairs would be ended during the month of November, when inventories of the different departments would be completed and filed and packed to be sent to Spain.

"At the request of the Spanish a letter has been addressed to General Wood at Santiago by the Americans requesting that he afford every facility for the removal of the bodies of Generals Vara del Rey and Santoscildes, the commission to remove which will leave Havana shortly.

"A formal note has passed giving Dr Laine permission to visit the military hospitals. Admiral Sampson has decided not to leave Havana during the work of the commission. The work of cataloguing military property is proceeding rapidly. It is expected that it will be finished Friday. The construction of the pier at Marianao has been temporarily suspended owing to the rough weather."

The International Commission.

WASHINGTON, Nov. 2.-Sir Julian Pauncefote, accompanied by Lord Herchel and Mr. Cartwright, secretary of the Canadian commission, called atothe state department yesterday and were met by General John W. Foster, Mr. Kasson and Secretary Anderson of the American commission. With the approval of the absent members on both s des the commission adjourned to meet on Nov. 10, it appearing that some of the Canadian commissioners would be detained in Ottawa awaiting the arrival of the new governor general. The adjournment till Nov. 10 had already been decided on informally, but the meeting yesterday was necessary as a formality, the conference in Canada having adjourned to meet Nov. 1.

North Carolina Race Troubles.

WILMINGTON, N. C., Nov. 2,-There is no material change in the political situation here. The outcome, it is believed, will be peaceful, but the agreement must be carried out to the very letter or there will be trouble. The latest report is that an effort is being made to induce the present register of deeds, who is a negro, to become a so called independent candidate for reelection, the object being to bring out the negro vote. The Democrats would regard this as a distinct and flagrant violation of the agreement.

MINERALS IN PHILIPPINES. Admiral Dewey Submits Memorandum on the Subject.

فقين مناهدين بالمصافحة

WASHINGTON, Nov. 2. - Admiral Dewey has forwarded to the navy department a memorandum on the mineral resources of the Philippines, prepared at the admiral's request by Professor George F. Becker of the United States geological survey. Professor Becker made considerable researches and consulted all the available authorities. Only about a score of the several hundred islands, he says, are known to contain deposits of valuable minerals. He includes a table showing the mineral bearing islands and their resources. This table follows:

Luzon, coal, gold, copper, lead, iron, sulphur, marble and kaolin; Cataanduanes, Sibuyan, Bohol and Palawan, gold only; Marimudque, lead and silver; Mindoro, coal, gold and copper; Carraray, Batan, Rapu Rapu, Semarara and Negros, coal only; Masbate, coal and copper; Rombien, marble; Samar, coal and gold; Panay, coal, oil, gas, gold, copper, iron and perhaps mer-cury; Billrom, sulphur only; Leyte, coal, oil and perhaps mercury; Zebu, coal, oil, gas, gold, lead, silver and iron; Mindanao, coal, gold, copper and platinum; Sulu archipelago, pearls.

Of the coal Mr. Becker says that it is analagous to the Japanese coal and that of Washington, but not to that of the Welsh or Pennsylvania coals. It might better be characterized as a highly carbonized lignite, likely to contain much sulphur, as iron pyrites, rendering them apt to spontaneous combustion and injurious to boiler plates. Nevertheless, he says, when pyritous seams are avoided and the lignite is properly handled it forms a valuable fuel, especially for local con-

NO FEVER AT SANTIAGO.

Not One Case During the Past Sixty Days.

SANTIAGO, Nov. 2.—General Leonard Wood, governor of the military department of Santiago, authorizes the statement that there has not been a case of yellow fever in Santiago city during the last 60 days and that the ordinary sickness during the same period has been 90 per cent less than usual at this season of the year. In view of the fact that a good many people have been unnecessarily frightened by fictitious tales of suffering, General Wood asks that hereafter all applicants to the various societies for aid be referred to him. If the case is a really necessitous one, he will indorse the application. General Wood does not wish to be understood as saying that no private assistance is wanted in Santiago. On the contrary, much will still be needed, though the present supply is ample for present contingencies.

He warmly commends the Red Cross society for continuous help and for supplies which, under the direction of officers appointed by him, have been ef-

fectively distributed. It is now expected that within the next 15 days the staff of the yellow fever hospital will be abolished. It has been maintained merely to care for a few suspected cases, and as the cooler weather is now here its further services are not needed.

TOMPKINS

Big Store, No. 35 North Street.

We find it next to impossible to give a showing to a fraction of the goods that are clamoring for admission to our advertising columns. Many of them find a small notice below; many of them we cannot even mention. It will pay to remember that the special sale of Blankets and Quilts begun last week also goes on all this week, and that the Underwear Department is doing its utmost to break its record for low prices: that the Silks and Dress Goods were never prettier in colors and weaves and never cheaper in price, and that Jackets, Suits and Millinery are here in their full bloom this week.

Sale of Silk Waists.

We think there has never been shown a collection as large as this in this city. We know that n assortment was ever chosen with more care and knowledge. It has been pick d with the taste that we have learned from years of desling with tasteful people. Plain colors prevail, yet there is "dash" enough if you wish it. Republican Governor Morton contemptu-

BOLD HIGHWAY ROBBERY.

A Greenville Farmer Robbed By a Man Who Threw Pepper in His Eyes. From the Port Jervis Gazette.

Stephen case, a well known farmer residing in the town of Greenville, was robbed by a highwayman, just above the Bockover place, on Friday evening. Mr. Case had been to Port Jervis to transact some business, and was returning home with his horse and wagon about dusk, when a fairly well dressed stranger accosted him for a ride to Green. After the man had been seated for five

minutes he suddenly threw a handful of red pepper into Mr. Case's face, the pepper entering his eyes, causing him much pain. While in this condition, unable to help himself, the thief robbed his victim, and then jumping from the wagon fled.

The amount secured by the highwayman was small, between seven and ten dollars in bills and change. Mr. Case is just getting over his experience, and his eyes are yet weak and much inflamed.

Plants That Kill Each Other.

Fancy two plants being so unfriendly that the mere neighborhood of one is death to the other! Yet that is the case with two well-known English plants. These are the thistle and the rape. If a field is infested with thistles, which come up year after year and ruin the crops, all you have to do is to sow it with rape. The thistle will be absolutely annihilated.

Some Pertinent Questions That Can All Be Answered With One Reply,

Why is it that in Middletown and its suburbs, with a combined population of over 12,000, there is only one medicinal preparation which gives statements from residents to back up its representations?

Why is it that Doan's Kidney Pills do this in Middletown as well as in every city and town of any importance in the Union? Why is it that there are advertised in

every newspaper a dozen remedies and only one can supply local proof, local endorsement of its claims?

The solution of the problem is simple. Only one remedy has the curing and staying power. Other remedies make all kinds of gigantic yet futile efforts to get local proof, but the attempt ends in producing a statement or two from places that as far as Middletown citizens are concerned might as well be in the moon. Here is Middletown proof which backs up the merits of Doan's Kidney Pills.

Cyrus Coddington, of No. 150 Wickham evenue, says: "Some seven years ago I had an attack of kidney complaint a very severe attack. It left me and I was not bothered until a short time ago. The last time it did not take so long to straighten me out, and I gave Doan's Kidney Pills the credit for it, I got a box at J. E. Mills' drug store. I had to get something for my back ached acutely. I couldn't stoop or lift and the kidney secretions went wrong. After using Doan's Kidney Pills the pain left me and the secretions righted themselves. They did all that could be expected of them.

HEART DISEASE

SOME FACTS REGARDING THE RAPID INCREASE OF HEART TROUBLES.

Do Not be Alarmed, But Look For the Cause.

Heart troubles, at least among Americans, are certainly increasing and while this may be largely due to the excitment and worry of American business life, it is more often the result of weakstomach, of poor digestion.

Real, organic heart diseases is incurable; but not one case in a nundred of heart troubla la organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by branches of the same great nerves, the Sympathetic and Pneamogastric. In another way, also the heart is

affected by that form of poor digestion, which causes gas and fermentation from half digested food; there is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their acting hence arises palpitation and short breath.

Poor digestion also poisons the blood, makes it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digeston and to insure the prompt assimilation of food.

This can best be done by the regular use after meals, of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular, persistent use of Stuart's Dyspensia Tableta at meal time will cure any form of storach trouble except cancer of the stomach. Full sized package of the tablets sold

by druggists at 50 cents. Little book on stomach troubles mailed free. Address Stuart Co., Marshall,

City taxes in 1897 under Republican rule \$102,787; city taxes in 1898 under Democratic rule \$80,336, assaving to the taxpayers of \$22,451. And every dollar

saved is a reason for continuing the

Democratic party in control of city affaire. In 1897, under Republican rule, the city tax rate was \$25.82; this year, under Demozratic rule, it was only \$20. That's the way the Democratic party has kept its promises to lighten the peo ple's burdens, which it made a year ago. It makes the same pledges this

year. It's safe to entrust the city's affairs to its keeping by electing its candidates for city offices. James A. Roberts, the present Repub-

lican Comptroller of this State, in one of his annual reports to the Legislature asks this question:

"Whither are we drifting? The cost of government has far outstripped the increase of population. The facts are, the increase of population in New York State from 1880 to 1892 shows again of 28 per cent. The increased cost of State Government from 1881 to 1897 was 173 r_cent., growing from \$9,878,214,59 in 1881 to \$26,962,705.95 in 1897.

crime against good government, a bar

to the honorable ambition of any and every man in the Republican party who

has not a "barl." It is a bopeful sign

of the times that there is a most pro-

nounced and outspoken determination

on the part of many Republicans to end

this traffic in nominations and rebuke of-

ficeholders who seek third terms. It found expression, last year, in the re-

The First Fackage of Hallots Received by the Secretary of State.

ALBANY, Nov. 2 .- Secretary of State Palmer, to-day, received the first lot of ballots from this State's volunteer soldiers in the United States service. The ballots came in an express package from New York and are supposed to have come from the 22nd at Fort Slocum, which was the first regiment to vote.

Under the soldiers' voting law none of the packages of ballots which the Secretary of State will receive from now on will be opened until all have been re-

The law sets the sixth Tuesday after election as the last day when soldiers' hallots can be canvassed by local election inspectors and in case all the packages of ballots have not been received a couple of days before that date the packages at hand will be opened and the individual envelopes containing the ballots will be distributed to the local board of election inspectors so that they can be canvassed on that date. It is expected, however, that all packages of ballots will be received by last of November as the First Regiment at Honolulu will get its ballots here by that time.

> WHY THEY ARE WORRIED. From the Independent Republican.

The political situation in Orange county is worrying the managers of the Republican machine. The voters are manifesting an independent spirit that is, from the machine point of view, most reprehensible. Some of the recalcitrants are openly declaring that "Lou" Goodsell and "Charley" Mead have held office long enough; that the augean stables at Orange Farm need cleaning; that while Louis Bedell is a clever sort of a tellow, this Assembly district ought to be represented by an actual resident, one whose interests are here, and that, on the whole, there ought to be some better reason for nominating a candidate than the fact that "Ben wants him." It really begins to look as if, in the coming Democratic landside, Orange county would do its share.

A Complete Cure Effected by Hood's Sarsaparilla

Now Enjoying the Best of Health, With Digestion Perfect.

"My mother was subject to sick headaches and indigestion for over a year. She was unable to stand for any length of time, and was obliged to stay in a dark room as she could not bear the light. She had no appetite whatever and her stomach was so weak she could not retain what food she did eat. She also had severe pains in her head. She suffered so much that she became but the shadow of herself. One day I happened to read a testimonial about Hood's Sarsaparilla. It

Sounded So Truthful I persuaded her to try this medicine.

Before finishing the first bottle there was an improvement in her condition. She no longer threw up her food and her headache was not as severe. She took in all four bottles of Hood's Sarsaparilla and several boxes of Hood's Pills and regained her weight. She is now enjoying the best of bealth. Her digestion is good and she can eat almost anything she wishes. She is fit years old and says she feels as well so when she was 16. Hood's Sarsuparille made a complete cure in her case, MISS MARY MARCARIR, Ironton, Ohio.

A MORAL COWARD.

Boosevelt Dodges State Issues as He Dodges the Tax Collector.

Rough Rider Roosevelt's speeches in this campaign are the veriest claptrap. They are so weak as to be ridiculous. If he were the bold, robust man that his friends declare him to be, he would have something to say of the State issues that every sensible man knows are vital and relevant this fall. If he could not explain the canal steal, he would say that it must stop, and that if elected he would stop it and punish the thieves, high and low, who have been getting rich by their plunder. If he could defend the Raines law against the charges made by those who believe it to be an infamous invasion of liberty and equal rights, he would do so, and if he could not, he would say that if elected Governor he would try to secure its repeal. So with the Force bill and with all the unsavory measures for which the present Republican administration is responsible. But Roosevelt dodges all trese things as studiously as he dodges the tax collector. Speak to him of the canal steal and he says: "I believe the welfare of the State rests fundamentally upon the man with the dinner pail." Speak of the Raines law or the Force bill and he says: "I served for three years in the National Guard and I have served as a volunteer in Cuha."

And the Roosevelt hero worshippers say this man has ourage. That he has physical courage no candid man will deny. But so have millions of other men in this country, Republicans and Democrats. It is also admitted that he is obstinate. But a man possessed of moral courage would not shuffle and quibble and throw sops to Cerberus as this man does. And an honest man would not swear to a falsehood to escape paying his taxes, or, having sworn to the truth, try so desperately to escape the consequences of his conduct.-Buffalo Times.

THE REPUBLICAN CANDIDATE.

A PHRENOLOGICAL STUDY. By Prof. Vox Populi.

For Biennial Sessions.

I call special attention to the Democratic platform in favor of biennial sessions of the Legislature. Upon this I believe, as upon nearly everything else of concern to the State, our opponents have chosen to remain dumb. Too much legislation may rightly be called one of the curses of the era. Multiplication of laws without rhyme or reason, often for the most contemptible, small, personal or local ends and without reference to the general principles in the light of which all legislation ought to be framed, is prolific of mischief in many directions.

It prevents to a large extent the general body of the people from keeping themselves informed concerning statutes under which they are required to live: it is a species of dust thrown in the legislative atmosphere which shuts the eyes of intelligent criticism and leads to a deplorable indifference on the part of the people to legislative work; and it may, with good reason, be looked upon as part and parcel of that malign activity which is at once the very breath of life to corruptionists and a constant menace to just liberty and honorable commerce alike.

In declaring for this reform, the Democratic party puts the State of New York in line with every considerable State of the Union, experience having abundantly convinced the neighboring Commonwealths that not by clouds of laws, but by broad principles applied with care on the one hand and undeviating integrity on the other is the welfare of the people promoted by governmental action. There is an obvious sense in which we may use, in this relation, the dictum of Jefferson that the world is governed too much.-Justice Van Wyck's Rochester Speech.

"The People Know the Dangers of Startling and Hysterical Government." -Augustus Van Wyck.

The doctors call them disease germs: If you have sense enough to distinguish them from the flowers of health, and root them out, you will be robust, healthy and happy. The most dangerous of all the weeds in the flower garden of health is that deadly

creeper consumption.

There has never been but one medicine that would choke out this weed, root and all. That medicine is Dr. Pierce's Golden Medical Discovery. It acts directly on the lungs through the blood, driving out all impurities and disease germs, and building up new and healthy tissue. It restores the up new and healthy tissue. E. H. GREGORY. THURSTED IN THE

THE REVERSIBLE RESIDENCE

It does not appear that Colonel Rocsevelt has ever belonged to that class of political philosophers who hold that the office should seek the man. By his own admissions he has been literally pursuing offices ever since he was old enough to hunt anything. Never was a moose stalked more painstakingly than the clusive office has been

tracked by the patient Colonel, and the distance which he has covered in bringing down his quarry is unequalled in the annals of hunting big game. Take his own admissions and the recent record for proof. First, he tells us he moved to New York so that he might be elected to the Assembly. That public spirited duty being done, he promptly moved away again, his New York residence having been only a pretence for political ends. Then he took a nomination for Mayor of New York at a time when, according to his lawyer's statement to-day, he was not a resident of that city, but the voters thoughtfully saved him the trouble of moving there by defeating him. Shortly thereafter the proffer of a job in the Police Board made him move again, and the subsequent prospect of a place in the Navy Department impelled him to transfer his patent portable residence to Washington. The bright, if delusive, hope of becoming Governor of New York brought the Colonel and his residence back to Oyster Bay, a few indiscreet affidavits having made the

travel thither rather rough. It has been said that a man's legal residence is where he gets his washing done, and we believe that this rule of law was once applied to the Hon. T. C. Platt, to his disfavor, but in the case of Roosevelt a new maxim must be formulated. How would this do?: "Where lurks the job there lives the Colonel."

The Force Bill.

The monstrous law affecting the bailot box in the city of New York is but a special and glaring example of the abuse of home rights. THE PATH UPON WHICH OUR OPPONENTS HAVE ENTERED HAS NO LOGICAL STOPPING PLACE SHORT OF THE DESTRUCTION OF EVERY LOCAL LIBERTY AND THE CENTRALIZA-TION OF ALL POWER IN THE HANDS OF A STATE MACHINE.

It becomes the duty of every voter who feels devoted to the rights and liberties which are characteristically American to give careful thought to the subject for history may confidently be called in evidence to show that WHEN LOCAL LIBERTIES ARE DE-STROYED, THE POWER OF THE PEOPLE OVER THE CENTRAL AU-THORITY DOES NOT LONG SUR-

No people ever knowingly and voluntarily surrendered their freedom and rights at a single capitulation. Liberty is lost by neglect and failure to check its invasion by slow and stealthy approaches. Let no citizen falter when called upon to rebuke the tyranny involved in this and like laws. Our opponents have always favored force bills which gave them greater power to interfere with the freedom of action of those whose only sin is in disagreeing with them.-Justice Van Wyck's Rochester Speech.

Van Wyck and the Independents.

Augustus Van Wyck is the most capable, reliable and independent candidate since Tilden. His experience for so many years on the bench, his mature and well-balanced mind and his abnegation in accepting the nomination after the manner in which it came to him, all tend to display a fitness which especially commends him to the independent voter and such as the general voting public will not fail to appreciate on election day.

There is as yet no evidence of Judge Van Wyck being the tool or the creature of any man or party, while on the other hand his opponent has flatly turned his back on all who gave him prestige and prominence and donned the subservient collar of an implacable political boss.

The public conscience may be relied upon to draw the line and easily distinguish as to the merits and demerits of the candidates, and with but one result—an overwhelming majority for Van Wyck.

"Let every proposition come up in due order," says sudge Van Wyck in relation to national issues. At the election this year the people of New York are shiefly concerned in effecting "admisfistrative and legislative- reforms" at home.

ON THE TIP OF THE TONGUE. Such an army of train jumpers endaugering life or limb along the Erie tracks as lined the road from the Susquebanna bridge to the Summit, Tuesday afternoon, has not been witnessed by railroad men in a long time. The "kide," some of them hardly tall enough to reach the handles, managed to get on the freights somehow, and the brakemen watched them slung as they alighted at the water tank, just as the train started on the down grade to Eight-and-a-Half Station. No. 5 stopped at James street and four boys got on the rear platform when it started. They rode to the Summit and got off in front of a slow moving east bound freight. They narrowly escaped being struck, and doubtless that added spice to their short ride.

"There!" said a well known banker who is fond of theatricals, "I've made up my mind that the next time a woman sits in front of me with a hat like this one I'm going to ask her to change seats or take off the blind. This hat was the biggest thing I've ever seen. It would have looked very stunning at a Goshen horse show, but in a crowded theatre-My! some people don't seem to think of any body but themselves."

"I was a little worried at 'Shore Ar s,' too," said a well known jeweler. "i re was a poultry show on a woman's head just in front of me. We both gor to the Casino early, and I worried and tretted mentally until just about as the curtain was going up she pulled a pin, 'opened the crossing,' and the obstruction was removed.'

Take off your bats, girls, when you sit down stairs in the Casino. If you must keep them on tell your friend to buy seats in the front row of the balcony. Hats are a whole lot more conspicuous there, and the folks behind can see over them. If you sit down stairs the modus operands in removing the hat should be as follows:

Sit down gracefully: allow your escort to remove your wrap, and say to him: "Isn't this a lovely sear?" I nok intently at your programme for a few moments, and then say so that it can be heard: "I wonder if my hat annoys those folks behind me-I believe I'll take it offwouldn't you?" Of course he would, and the people behind who have been in mortal dread of an obscured view of the stage, remark to each other: "That girl's got good sense and she'll make him a good wife"-or some other flattering remark that can possibly be heard. by the couple ahead.

Ex-Senator Frank Hiscock isn't to speak at the meeting which our Republican friends propose to hold here. The announcement of his assignment to this city nearly gave many Republicans heart failure. Mr. Hiscock is about as stupid and uninteresting a speaker as this city, (if memory isn't playing tricks | ten days. it was in '92,) was a horror that Republicans cannot speak of without making An Election Bet. wiy faces. The Casino was well filled, but as Mr. Hiscock prosed and driveled hundreds of his hearers got up and went out and when he got through and sat down a sigh of relief went up that could have been heard at Howells.

Some idea of the disgust of the party managers may be gathered from what followed. They forgot the courtesy that was due to even the humblest speaker and as soon as the meeting was over each man went his own way, leaving the Senator to whilt for himself. He found that there was a train on which he could get out of this inhospitable town and made up his mind to take it. The train was late and long after midnight the Honorable Mr. Hiscock was seen all alone, a fortorn object, haddled up in the darkest and diagiest corner of the dark and dingy waiting room of the old Erie station. If Mr. Hiscock has a long memory its barely possible that he kicked on his assignment to this city and refused to come to a place where he had been used so shabbily. But there's no use going into that, certain it is that our friends, the enemy, feel much relieved at the knowledge that the prosy ex-Senator is of the bill for the meeting in this cit.

By the way, I notice that the Press advertised the ex-Senator as Frank Hitchcock. Is this an instance of the transitoriness of fame? Has the esteemed Press so far forgotten Hiscock that it thinks his name is Hitchcock? Or was Candidate for Supervisor Boyd indulging malittle smartness and trying to take the curse off the Hiscock affliction by advertising him under an alias?

TRIALS OF SALESWOMEN.

Mrs. Pinkham Says Standing Still is One of Woman's Most Trying Tasks.

Have you ever thought why it is that so many women or girls rather walk for an hour than stand still for ten minutes? It is because most women suffer from some derangement of their delicate organism, the

discomfort from which is less trying when they are in motion than when standing. health that the laws in some states com-

Without doubt, Lydia E. Pinkham's Vegetable Compound will help you, it has done such wonderful things for suffering women. Do not hesitate to write her all the little things that make you feel miserable. Your letter will not be seen by any man, and Mrs. Pinkham's advice will cost you nothing. Read this letter from Mrs. MARGARET ANDERSON, 463 Lisbon St., Lewis-

"DEAR MRS. PINKHAM:-For years I had suffered with painful menstruction every month. At the beginning of menstruation it was impossible for me to stand up for more than five minutes, I felt so miserable. One day a little book of Mrs. Pinkham's was thrown into my house, and I sat right down and read it. I then got some of Lydia E. Pinkham's Vegetable Compound and Liver Pills.

"I can heartily say that to-day I feel like a new woman; my monthly suffering is a thing of the past. I shall always praise the Vegetable Compound for what it has done for me.'

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finesr coffee but is free from all its injurious properties. Grain-O aids d gestion and strengthens the nerves. It is not a stimulant but a health builder and children, as well as adults, can drink it with great benefit. Costs about one-fourth as much as coffee. 15 and 25c.
